

AAMAS 2019 Speaker LYNN HANDY

**Wednesday, April 24, 2019
1:00-4:00 PM**

Lynn Handy brings more than 30 years of health care experience in medical office management, insurance billing and coding, and professional nursing. She is an accomplished medical practice consultant and an experienced educator in the areas of insurance billing and coding, physician E/M coding and documentation training, computerized insurance billing, Risk Adjustment Data Validation Audits and Education and Medicare compliance.

Lynn is an approved instructor for the professional medical coding curriculum through the American Academy of Professional Coders (AAPC) and is a current advisory board member of the PMCC Teach the Teacher Advisory Board for AAPC.

Her experience also includes developing and implementing a comprehensive hospital coding program, editor for McGraw-Hill's Medical Insurance Billing Textbook, and developing the curriculum for a course regarding billing and coding at a local college.
